HELLO!

WE ARE BARCELONA CENTRE UNIVERSITARI – A PROGRAMME SUPPORTED SINCE 1997 BY

Barcelona · Generalitat de Catalunya · El Govern de tothom III

Universitat de Barcelona · UAB Universitat Autònoma de Barcelona · UPC Universitat Politècnica de Catalunya BarcelonaTech

upf. Universitat Pompeu Fabra Barcelona · Universitat Ramon Llull · UOC Universitat Oberta de Catalunya

Universitat de Vic Universitat Central de Catalunya · UIC Barcelona University · CEU Universitat Abat Oliba

If you are an international student, member of teaching, research, technical, management or administration and services staff, we are here to accompany you during your stay and advise you on anything you need.

Congratulations on your choice! You have chosen Barcelona, one of the **top-rated university destinations and best cities for training, research or working based on quality of life**.

Barcelona and its metropolitan area have a **solid, excellent university and research ecosystem, highly internationalised**, with noteworthy presence in the fields of technology, architecture, biomedicine, physics, business and economics.

Barcelona, the capital of Catalonia, is located on the Mediterranean coast and stands out for its cosmopolitan nature.

It is made up of ten districts:

- **Ciutat Vella**: historic quarter
- **L'Eixample**: urban grid layout and Modernisme architecture
- **Sants-Montjuïc**: green areas and Olympic facilities
- **Les Corts**: business and university area
- **Sarrià-Sant Gervasi**: upscale residential area
- **Gràcia**: young, festive atmosphere
- **Horta-Guinardó**: parks and viewpoints
- **Nou Barris**: developing residential area
- **Sant Andreu**: tradition and modernity
- **Sant Martí**: beaches and technology district

The municipalities surrounding the capital make up what is known as the **Barcelona metropolitan area**. Thanks to an extensive, efficient network of buses, metro, trains, trams and shared bicycles, they are very well connected to Barcelona. Additionally, they have all the necessary services, guarantee a high quality of life and often offer more affordable housing. For this reason, we recommend that you broaden your search for accommodation and consider the following locations:

- **Badalona**: 11 km, 36 min
- **Castelldefels**: 24 km, 43 min
- **Cerdanyola del Vallès**: 17 km, 44 min
- **Cornellà de Llobregat:** 13 km, 26 min
- **Esplugues de Llobregat**: 13 km, 40 min
- **L'Hospitalet de Llobregat**: 8 km, 28 min
- **Manresa**: 56 km, 1 h 33 min
- **Sabadell**: 26 km, 53 min
- **Sant Adrià de Besòs**: 9 km, 32 min
- **Sant Cugat del Vallès**: 18 km, 45 min
- **Santa Coloma de Gramenet**: 11 km, 29 min
- **Terrassa**: 37 km, 58 min
- **Vic**: 70 km, 1 h 30 min
- **Vilanova i la Geltrú**: 46 km, 1 h

The distance indicated is approximate and has been calculated between the historic centre of the towns on the list and Plaça de Catalunya in Barcelona (in the heart of the city centre). Travel time is also approximate and has been calculated using public transport as a reference.

PRACTICAL TIPS

When looking for accommodation, **we recommend that you pay particular attention to**:

FALSE ADVERTISEMENTS

- If you see advertisements with low prices and perfect photos, be wary and ask for an in-person visit.
- Do not make any payment to an individual or company without an invoice.
- Real estate portals are just a noticeboard and do not check the properties. Rely on platforms that do verify them and follow security protocols.

DEPOSITS

- Never pay large sums of money without the guarantee of a receipt, invoice or contract.
- Use only secure means of payment and avoid transfers to accounts that seem questionable (for example, if the name of the account holder is different from that of the homeowner or if it is a non-Spanish account).

THE LACK OF A CONTRACT OR INFORMAL CONTRACTS

Avoid verbal agreements and always require a formal contract specifying the following points:

1. The price of the rent and whether utilities are included.
2. Dates and method of payment.
3. The length of the contract.
4. Cancellation conditions.

SEASONAL RENTAL CONTRACTS

Temporary contracts last between 32 days and 11 months (extendible) and are intended for people who may be living in Barcelona or the province to study, do research or work, among other purposes.

The reason must be duly justified by an official document (registration, letter of admission, etc.).

If you need to extend your lease, you will have to prove the reason again. The owner must agree and not have accepted a booking for the dates after the original contract.

Before signing the contract, make sure you understand everything, get answers to any questions you have and check the following points carefully:

UTILITY CHARGES

Check which utilities are included (water, electricity, Internet, etc.) and which ones you have to pay for separately.

DEPOSIT

This is a guarantee for the owner in case of voluntary or accidental damage to the property, furniture or belongings. Confirm how much you have to pay, the repayment conditions and terms. According to the legal regulations and INCASÒL (Institut Català del Sòl), the property has one month from the end of the contract to return it to you, as long as the conditions of the property are the same as when you arrived.

If, on your departure from the accommodation, you are liable for any repairs, the owner may deduct the cost of such repairs from the security deposit. In this case, we recommend that you ask for the corresponding invoice.

CANCELLATION POLICY

Some contracts include penalties if you leave before the agreed period to compensate for the financial loss caused to the owner. The penalty usually corresponds to one month's deposit or even two, depending on the time remaining before the end of the contract.

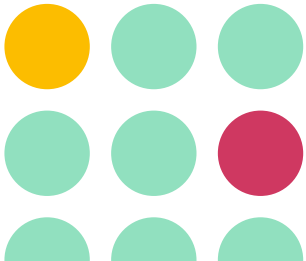

UNFAIR TERMS

1. Charging for repairs that you are not liable for, especially incidents related to habitability and structural conditions.
2. Excessive penalties for early termination of the contract (e.g. having to pay for all remaining months until the agreed termination).
3. Prohibition of short visits from relatives. We recommend that you discuss this point before signing to find out what the visiting policy is.
4. Exaggerated restrictions on the use of the property, such as not being able to use a certain appliance or common room. You should be aware that when you share a flat with your landlord (homestay), there may be stricter rules. We recommend that you read the specific rules of the dwelling, which are usually detailed in the annex to the contract.
5. In addition to the rent, other expenses, such as fees for furniture, taxes payable by the owner (IBI) or the community fees.
6. Obligation to contract additional services that are unnecessary and cannot be waived (such as weekly cleaning inside the room or food services that you do not need).

Before making the first payment, please read the cancellation policy carefully to avoid surprises.

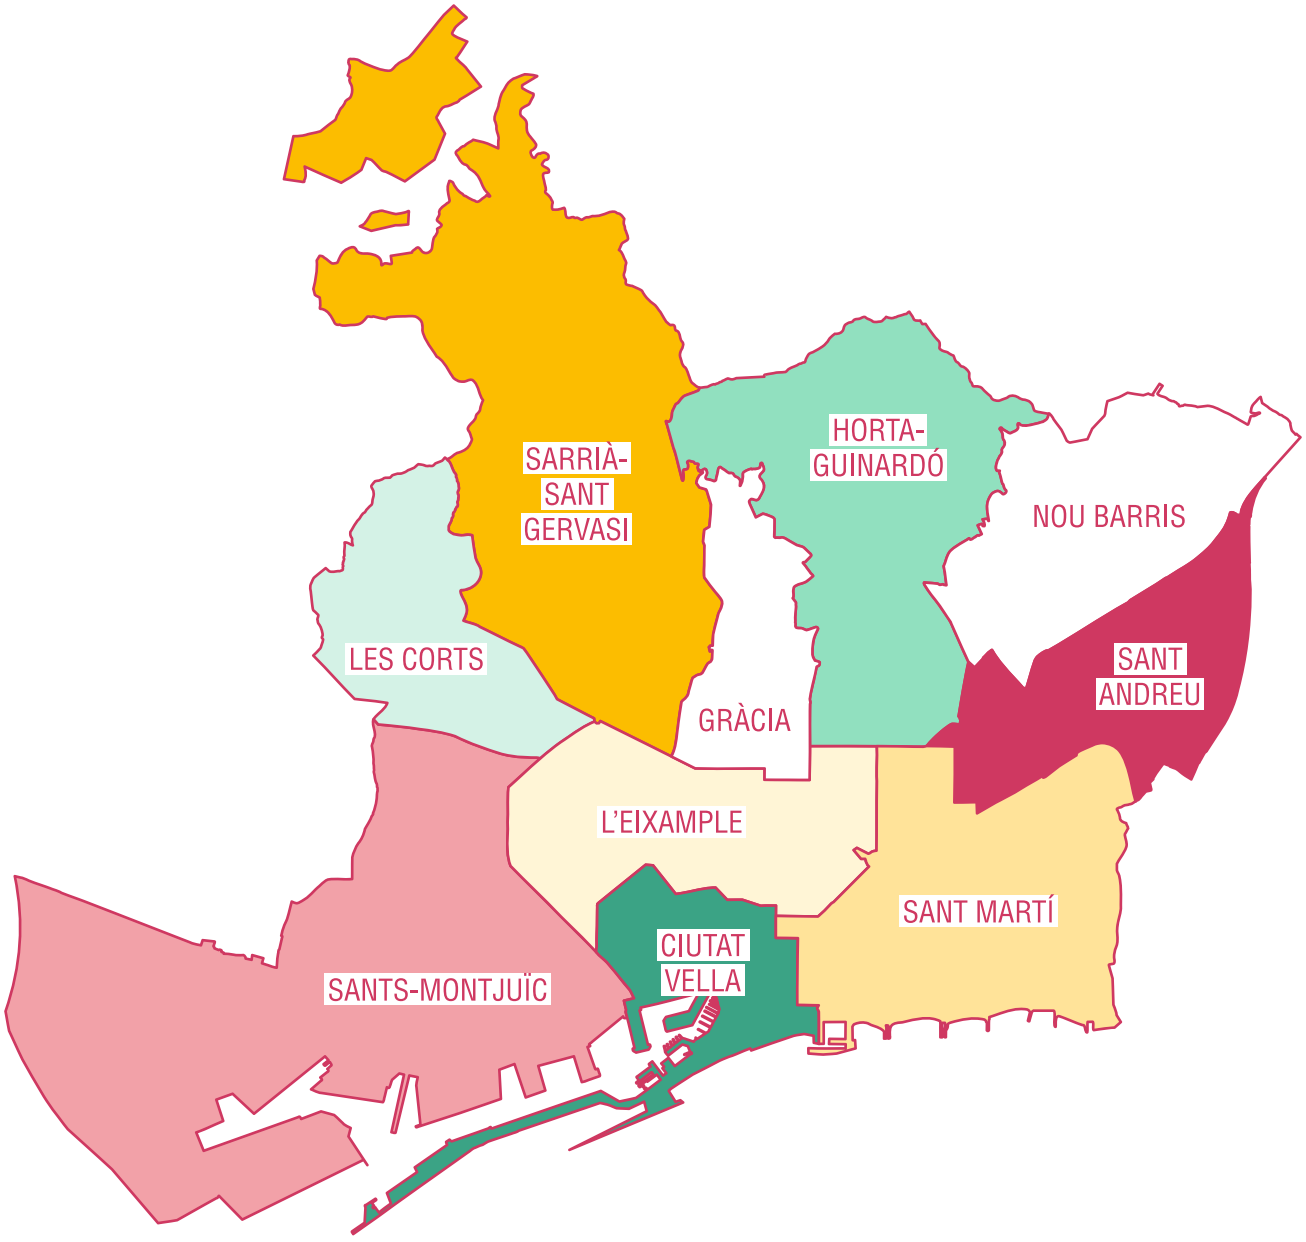

When you book a property, you make a commitment to the owner.

When you move into the flat, you should check the state of the installations and furniture and report any issues to the owner within the first 24 hours. We recommend that you take a photographic inventory of the property at that time to remember how you found it when you arrived and to take this into account when you leave.
